# Industrial Steel Rolling Mill & Co.

<https://www.industrialsteel.co.in/>

We, Industrial Steel Rolling Mill are **manufacturer, supplier** and **exporter** of Mild Steel Flat, Mild Steel Flat Strip, Mild Steel Flat Bar, MS Corrugated Steel Cable Drum, Mild Steel T Angles and much more.

## About Us

Group established in **1971** & backward integration in **2007**, we are a trustworthy **manufacturer, supplier and exporter** of **Mild Steel Flat, Mild Steel Flat Strip, Mild Steel Flat Bar, MS Corrugated Steel Cable Drum, Mild Steel T Angles** and much more. This gamut of consignments is manufactured using pure steel and sophisticated technology. Hence, our products are widely appreciated for having various salient features like durability, rust-free, corrosion resistance, accurate dimensions, smooth finishing and high tensile strength.

We are supported by best-in-class infrastructure which is divided into various units such as, manufacturing, quality assurance, research & development, warehousing & packing and logistic. Each of the department is manned by an expert team of professionals who work hard to manufacture a defect-free range of products. The quality assurance unit strictly monitor the entire manufacturing process to maintain consistent standard in the products. Our quality controllers check the products on the basis of various parameters which help us to deliver defect-free range of consignments to the customers.

Under the guidance of our respected mentor, '**Mr. Sanjeev Sharma (Managing Director)**', we have achieved a leading position in the market. He holds years of experience in the industry.
